

NATURALLY BALANCE YOUR HORMONES WITH

**Griffin Ob-Gyn Clinic is now offering Bioidentical
Hormone Replacement Therapy!**

Studies show that balanced hormones are necessary for good health and disease prevention for men and women as we age.

Benefits can include:

- *Increased energy & strength**
- *Reduced Muscle & Joint Pain**
- *Better Mood & Mental Clarity**
- *Greater Ability to Lose Weight**
- *Feeling Younger & Happier!**

Please call our office at 770.227.5505 to schedule a free consultation

BioTE® hormone therapy is not billable to insurance. Full payment with cash or credit card is required prior to treatment.

Treatment is necessary every 4-6 months, depending on how each person's body metabolizes the hormone pellets.

Each treatment includes a small, in-office procedure to insert the hormone pellets.
